Thank you, Ed and Matt! This is a ton of data... I need to be more careful of what I wish for.

Hi Jillian,

Thanks for sending the meeting notes and follow up items. Greatly appreciated.

1. Matt Robinson is looking to find the in-stream monitoring data that was collected for the development of the 2010 TMDL. He will follow up with you soon.
2. DOEE's preference (and this is a little different to what we mentioned on the con call with you and MDE) is that EPA public notice the end point document and stakeholder meeting in the federal register. We want the stakeholder engagement captured as part of the administrative record. We would disseminate the information locally too. Examples include the DOEE website, social media, and stakeholder contact list. We are happy to co-host the stakeholder meeting alongside EPA and MDE.

Thank you for leading the collective effort.
